Formatting – please delete this box prior to submission

- Please be aware, our template aims to give you an idea of what your article will look like, however the final version will be formatted during production and may look different in keeping with our house style.
 - Graphics, including tables, will be located at the top or bottom of the column following their first citation in the text during production (unless they are equations, which appear in the flow of the text). They can be single column or double column as appropriate and require appropriate captions.
 - Text is not wrapped around any of the graphics.
 - During production, sufficient space will be inserted around graphics for clarity of reading; a horizontal bar will also be used to separate all inserted graphics, tables and their captions from the text:
